Annual Report 2016

Providing Highway Safety and Security through Excellence in Service, Education, and Enforcement

Important Information Please Read

Please note, while reviewing the 2016 Traffic Crash Facts annual report the statistics produced in this document are static in nature and are subject to change as new and updated crash reports are received after the closeout date of September 25, 2017. Additionally, the 2015 statistics reflect static values reported in the 2015 Traffic Crash Facts annual report with a closeout date of September 15, 2015 and the 2014 statistics reflect static values reported in the 2014 Traffic Crash Facts annual report with a closeout date of July 30, 2014. While reviewing this publication, the Florida Traffic Crash Statistics Summary may not reflect the same totals as additional sub-tables throughout this document. This is due to the nature of crash reporting and fields that can be reported with one to many selections. For example, a Non-Motorist such as a Bicyclist can be reported with up to two separate Safety Equipment selections. This may increase the number of reported injuries and fatalities when looking at a specific Safety Equipment value.

The information contained in this Traffic Crash Facts annual report is extracted from law enforcement agency reports (HSMV 90010S) of traffic crashes in which a motor vehicle is involved and which meets the following criteria pursuant to Section, 316.066, Florida Statutes:

- Motor vehicle crashes resulting in death or personal injury, or any indication or complaints of pain or discomfort, by any of the parties or passengers involved in the crash; or
- Motor vehicle crashes in which one or more of the following conditions occur:
 - Leaving the scene involving damage to an attended vehicle or property (Section, 316.061 (1), Fla. Stat.); or
 - Driving while under the influence of alcoholic beverages, chemical substances, or controlled substances or with an unlawful blood alcohol level or breath alcohol level (Section, 316.193, Fla. Stat.); or
 - A vehicle was rendered inoperable to a degree that required a wrecker to remove it from the scene of the crash; or
 - Involved a commercial motor vehicle

An investigating officer may report any other traffic crashes on the long-form crash report. However, only those crashes that meet the criteria above, which are commonly referred to as 'codeable', are included in this report.
